

**Group Name:** Analytics Avengers

**Project Title:** Netflix Analysis

**Members Duty:**

Isabel: Clean data, plotting

Sophia: clean data

Kumassi: Presentation slides

Charles: plotting

**Description of data set:** Netflix Movies and TV Shows: There are 12 columns and 8807 rows. The variables we are interested in are: (1) Type (2) Title (3) Country (4) Date added (5) release year (6) rating (7) duration.

**Goal:** Our ideas thus far are: graph of type, graph of type per year, rating per type, date added vs release year per type, country per year or just country overall, average duration per type.
